

1. Are you a confirmed carrier of MRSA or any other highly resistant micro-organism?
2. Have you been treated or admitted to a foreign health-care facility in the past year?
3. Do you live near or work at a company where pigs, veal calves or broilers are kept?
4. Are you the partner, housemate or (informal) carer of someone who is a confirmed MRSA carrier?
5. If you are under the age of 18, were you adopted from abroad, do you now reside in the Netherlands and are you yet to be tested for MRSA?
6. Have you been admitted to a care facility that has had an MRSA or any other highly resistant micro-organism outbreak within the last two months and have you been approached for a culture analysis?
7. Within the past two months, have you lived at a facility for asylum seekers or refugees?

## MRSA-HRMO questionnaire
